Alcohol licence flag: Aidu Kitchen operated a full bar (confirmed from images and reviews). The Kind does not serve alcohol. Confirm with landlord that handover is clean — no excise licence encumbrance that restricts a non-alcohol tenant.

02. Road No. 45 — Full F&B Ecosystem (Verified)

Road No. 45, Nandagiri Hills / CBI Colony, Jubilee Hills is Hyderabad's most active premium dining and nightlife strip. The research below goes beyond the immediately mentioned brands — this is the full verified ecosystem on and around this road.

Road 45 is not just TRUE BLACK and KARAFA. It is one of Hyderabad's densest premium restaurant corridors — Lord of the Drinks, Noho, Chubby Cho, Fat Pigeon, Forefathers, Mirell (pure veg), and Café Coffee Day all operate here. This is a fully validated F&B destination street.

Brand	Rating	₹ for 2	What they are + relevance to The Kind
TRUE BLACK Specialty Coffee	4.4★ Google · 4.3★ JD (1,228 reviews)	₹600	DIRECT SPECIALTY COFFEE PEER. Same road, ~100m. 3,000 sqft, ₹12L rent, 8AM–11PM. Not veg-only. The Kind's all-veg roastery format is the clear differentiator.
Karafa	4.3★ JD (974 reviews) · 4.6★ Yappe	₹1,300	Café · Coffee · Desserts · Bakery · 7AM–10:30PM. Directly opposite property. Premium café format. Not veg-only. Validates premium audience on Road 45.
Mirell — The Vegetarian Voyage	4.2★ EazyDiner	₹1,000	PURE VEG restaurant. Road 45/46, Jubilee Hills. 12PM–10:30PM. No alcohol. Only pure-veg dining brand on Road 45 confirmed. The Kind's closest values peer — but not specialty coffee.
Noho	4.2★ EazyDiner	₹3,000	Pan Asian. Road No. 45, near SBI Bank. Premium positioning — highest AOV on the road at ₹3,000 for two. Validates SEC A+ audience willing to spend on Road 45.
Lord of the Drinks	4.1★ JD (1,828 reviews)	₹1,800	Multicuisine bar + nightlife. Road 45, CBI Colony. Full bar, DJ, live music, valet parking. Different occasion entirely — evening/nightlife. No overlap with The Kind.
Chubby Cho	4.2★ EazyDiner	₹1,200	Pan Asian · Road 45, Jubilee Hills. Casual Asian format, no alcohol.
Fat Pigeon Bar Hop	41 reviews · EazyDiner	₹1,600	European / Finger Food. Plot 1335, above Labonel, Road 45. 12PM–11:45PM. Multicuisine, bar hop format.
Forefathers	4.2★ EazyDiner	—	Road 45, Jubilee Hills. Listed in Road 45 F&B cluster on multiple aggregators.
Café Coffee Day	Outlet confirmed	—	Road No. 45, Jubilee Hills. Legacy chain café presence — validates long-standing café audience on Road 45.

What the Road 45 ecosystem tells us

- Road 45 is one of Hyderabad's most F&B-dense premium corridors — this is not a speculation, it is verified from EazyDiner, Justdial, Yappe, and Zomato data across 9+ restaurants on the same road.
- TRUE BLACK at ₹600 for two and Noho at ₹3,000 for two coexist on the same road — this is a corridor that serves multiple AOV tiers and multiple occasions, from morning coffee to late-night dining.
- Mirell - The Vegetarian Voyage is the only confirmed pure-veg brand on Road 45. The Kind as a specialty roastery all-veg all-day café is an entirely different format — the pure-veg audience is underserved at the premium end.
- Lord of the Drinks, Fat Pigeon, and Forefathers serve the evening / nightlife occasion. The Kind serves the morning and all-day occasion. Near-zero time-slot overlap — the two audiences complement each other rather than compete.
- TRUE BLACK's 1,228 reviews and active 8AM–11PM operation directly validates specialty coffee demand on Road 45. The Kind is 100m from a proven specialty café and brings what TRUE BLACK doesn't: all-veg, full al fresco, roastery experience.

03. Fit-Out Value — What The Kind Inherits

The 7 images above show the current fit-out condition. This is not a generic shell — Aidu invested in premium design, hand-crafted civil assets, and professional F&B infrastructure. Every item below is visible in the images or confirmed from property details.

Asset	Confirmed from images / specs	Estimated saving vs bare shell
Al fresco zone (1,000 sqft)	Visible in images 1 & 2 — bamboo canopy, misting fans, rattan chairs, herringbone tile floor, planters with tropical foliage, fairy lights, jaali screen partition	₹25–40L (civil + landscape + furniture)
Indoor dining (4,000 sqft)	Images 4 & 5 — coffered wood ceiling, cassette AC units, pendant lighting, rattan seating, marble/dark stone bar top, herringbone tile floors throughout	₹60–80L (ceiling + AC + flooring + lighting + furniture)
Full bar counter	Image 5 — full-length bar counter with back bar shelving. Marble-top, built-in draft beer taps, backlit shelving, herringbone tile wall finish	₹15–25L (civil + marble + bar equipment rough-in)
Feature mural wall	Image 7 — hand-sculpted classical Telugu-motif relief mural. Full wall length. Bespoke civil asset, cannot be relocated. The Kind may retain or overlay.	₹10–20L (sculptor cost + civil work)
Building entry & landscaping	Image 3 & 6 — "aidu" signage, bamboo porch canopy, step-entry with lit risers, tropical landscape, exterior walls painted	₹10–15L (civil + landscape + signage removal/reset)
Mechanical & electrical	Generator, UPS, water sump, RO plant, kitchen exhaust, fresh air supply — all confirmed in property specs	₹25–40L (MEP infrastructure)

Total fit-out saving estimate: ₹1.45 – 2.20 Cr vs building the same quality from scratch.
At ₹16L/month asked, if a comparable shell were available at ₹12L/month (like TRUE BLACK), the ₹4L/month premium pays back ₹2.2 Cr of fit-out in 55 months. However, Lokazen believes rent can be negotiated down by 25–30% — to ₹11.2–12L/month. At that level, this property is effectively the same cost as TRUE BLACK's 3,000 sqft shell, but with 5,000 SBU, a full fit-out, and al fresco. The economics become exceptional.

LOKAZEN COMPOSITE SCORE **85 / 100 — STRONG RECOMMEND**

85/100. Road No. 45 is one of Hyderabad's strongest F&B corridors — and this property is its best available space. The Kind inherits a ₹1.5–2.2 Cr fit-out, steps into a validated specialty café street (TRUE BLACK 100m away), and occupies Road 45's only all-veg specialty roastery position. Rent is 20% below the road benchmark. Two diligence items (alcohol licence, parking) are confirmable before HOT.

05. Action Points

NON-NEGOTIABLE 1 — Confirm alcohol licence status immediately

Aidu ran a full bar (images confirm). The Kind does not serve alcohol. Before any HOT or LOI: confirm landlord can provide property with clean excise/trade licence — no bar licence encumbrance restricting a non-alcohol tenant. This is the single fastest disqualifier.

NON-NEGOTIABLE 2 — Confirm parking quantity on site visit

Shared parking — but how many actual bays? For a 5,000 sqft all-day café with indoor + al fresco seating, minimum 15–20 bays at peak. Confirm number, allocation, and management before signing.

MUST DO — Visit TRUE BLACK before site visit

TRUE BLACK is 100m away on Road 45. Go there first. Observe footfall, table turns, morning crowd, evening crowd, average spend. This directly tells you what The Kind steps into.

MUST DO — Assess fit-out condition on ground (MEP inspection)

Images show premium finish but give no data on MEP age or condition. Get a mechanical + electrical inspection before signing. Negotiate landlord handover scope — what is serviced, what is The Kind's responsibility.

NEGOTIATE — Push for 25–30% rent reduction

Asking rent is ₹16L/month (₹320/sqft SBU). While this is already 20% below the Road 45 benchmark (TRUE BLACK at ₹400/sqft), Lokazen believes a further 25–30% reduction is achievable given: (1) existing bar fit-out limits the tenant pool, (2) immediate availability means the landlord is carrying vacancy cost, (3) The Kind is a premium anchor tenant that enhances the building's profile. Target: ₹11.2–12.0L/month. If achieved, this becomes one of the best-value flagship deals in Jubilee Hills.

NEGOTIATE — Fit-out / branding period rent-free

Even with existing infrastructure, The Kind needs 30–45 days to rework branding, coffee bar, roastery counter, and remove Aidu's bar-specific fit-out elements. Negotiate 30–45 days rent-free before lease commencement.

NOTE — Mural feature wall

The hand-sculpted relief mural (image 7) is a permanent civil asset. The Kind should decide: retain and make it part of the café narrative (the cultural storytelling aligns with The Kind's values), or face removal cost. Retaining is the smarter choice.

Lokazen continues sourcing additional Jubilee Hills properties. Property 3 (Road 45) is the current lead recommendation across all three evaluated properties.
