Starbucks Road 92 (nearest café anchor, 1.5km): View on Google Maps →

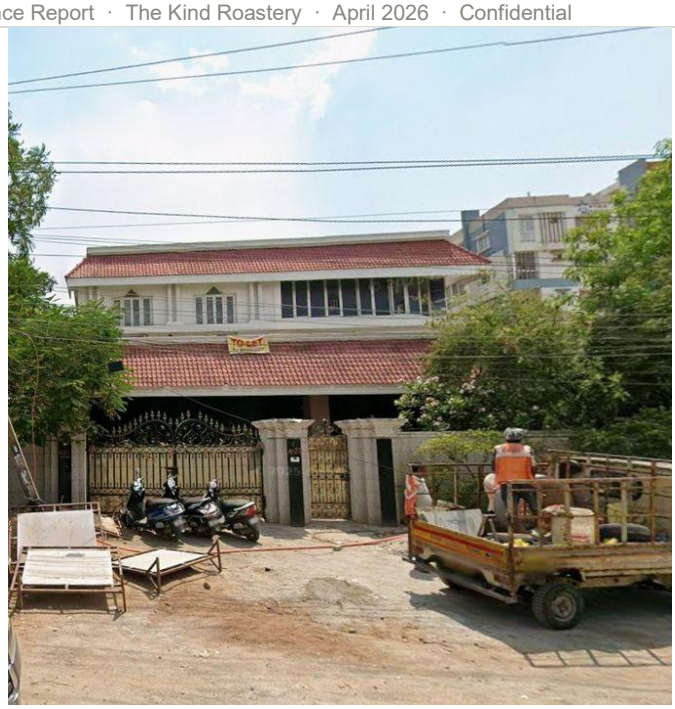
Property — Google Street View

Four Street View images confirming property frontage on Jubilee Hills Checkpost Road, TO-LET banner, SABOO luxury showroom (immediate right neighbour), and KAVACA in vicinity.

SABOO luxury showroom — immediate right neighbour · Active road traffic

Bungalow front — TO-LET banner · KAVACA visible right rear · G+1 red-tiled roof

Auto reads "Jubilee Hills Checkpost Rd" · IRIS building visible · road is a main artery



Bungalow close-up — ornate iron gate · TO-LET banner · 2-floor structure with tiled roof

IMPORTANT — Size flag: At 11,000 sqft G+2+PH, this property is significantly above The Kind's 3,500–5,500 sqft brief. This is a major consideration. The Kind would either need to use only part of the building (sublet or lock unused floors) or significantly revise their space brief for a flagship format. Lokazen flags this before any further evaluation.

02. Jubilee Hills Checkpost Road — Location Context

The property sits in Journalist Colony, directly adjacent to Road No. 92 — the same KBR Park-facing corridor as Property 1 in this pipeline. This is Hyderabad's most premium residential address: KBR National Park borders the road, Starbucks is 1.5km away on Road 92, and the catchment is SEC A+ Jubilee Hills residents, KBR walkers, and Apollo Cradle families. The difference: this property is 11,000 sqft G+2+PH — a multi-floor bungalow, not a ground-floor unit.

Key context for this location

- Jubilee Hills Checkpost Road is a high-traffic main arterial road — connects Jubilee Hills to Banjara Hills and HITEC City. Strong daily vehicle throughput from morning to night
- Road No. 92 runs alongside KBR National Park — 390 acres, 12.5km walking loop, open 5:30–10:30 AM and 4:30–6:30 PM. Strong morning and evening footfall from high-income walkers
- SABOO Luxury Car Showroom is the immediate right-side neighbour (confirmed from Street View) — premium car brand, affluent customer base. KAVACA also visible nearby
- CUPP Coffee Matcha Boba — confirmed on Google Maps within the Road 92 vicinity. Bubble tea / specialty beverage brand operating near this pin
- The Sanctuary Bar and Kitchen — confirmed nearby on Google Maps, established F&B venue in this corridor
- sa·ma — The Indian Kitchen — confirmed on Google Maps, nearby restaurant
- Starbucks Road 92 (Plot 566) — 1.5km · 4 min drive (confirmed via Google Maps directions)

03. Competitive Landscape — Verified from Google Maps

All brands confirmed from Google Maps screenshot of the area and verified sources. Distances from property pin 17.4184°N, 78.4129°E.

Brand / Landmark	Distance	Rating	Type	Relevance to The Kind
Starbucks (Plot 566, Rd 92)	1.5km	4 min drive	Café chain · 4.3★ JD	Road No. 92, near KBR Park. Only café on Road 92 itself. Validates coffee demand on this corridor.
CUPP Coffee Matcha Boba	~500m	walking	Boba/matcha café	Confirmed on Google Maps on Road 92. Specialty beverage brand — validates premium café demand near pin.
The Sanctuary Bar and Kitchen	~600m	~2 min	Bar and restaurant	Confirmed on Google Maps nearby. F&B anchor in the corridor.
sa·ma — The Indian Kitchen	~600m	~2 min	Indian restaurant	Confirmed on Google Maps. Established dining brand adjacent to this corridor.
SABOO Luxury Car Showroom	Adjacent (right)	—	Premium car showroom	Confirmed from Street View — immediate neighbour. Premium car buyer = affluent audience visiting this exact address daily.
KBR National Park	~400m	walking	National park · 390 acres	12.5km outer loop. Peak hours 5:30–10:30 AM + 4:30–6:30 PM. SEC A+ walkers — primary footfall driver.
Roastery Coffee House (BH Rd 14)	~3km	7 min	Specialty roastery	4.4★ (15,125 reviews). Hyderabad's highest-review specialty café. Not veg-only.
TRUE BLACK (Road 45)	~2.5km	6 min	Specialty café	Road 45, Jubilee Hills. 4.4★, active specialty peer.

KEY FINDING — This property is in the same Road No. 92 / KBR Park corridor as Property 1 in this pipeline. The key difference: this is 11,000 sqft G+2+PH vs Property 1's 4,500 sqft villa. Both benefit from KBR walker footfall. Starbucks at 1.5km is the only chain café on Road 92. CUPP Coffee Matcha Boba operating nearby confirms specialty beverage demand at this pin. The Kind would still be the only specialty all-veg roastery in this zone.

04. Size Analysis — 11,000 sqft vs The Kind's Brief

This is the most critical flag for this property. The Kind's stated requirement is 3,500–5,500 sqft. This property is 11,000 sqft — double the upper end of the brief. This creates both an opportunity and a structural challenge.

Scenario	Implications
Use G+1 only (~5,000 sqft) — sublet upper floors	Keeps The Kind's usable footprint within brief. Ground floor = café + bar, first floor = roastery + co-working or dining. Upper floors sublet to office or retail tenant at ₹60–80/sqft. Commercially viable if landlord permits subletting.
Use full 11,000 sqft — expanded flagship	The Kind's largest outlet ever. Jubilee Hills Checkpost Road flagship: ground = walk-in café, floor 1 = all-day dining, floor 2 = roastery experience / events / private dining, PH = exclusive terrace seating. Would be a landmark concept. High capex and operating cost risk.
Negotiate for partial floors only	Take lease on ground + first floor only. Upper floors remain with landlord. Reduces rent pro-rata. Ask landlord if this arrangement is possible.

Rent analysis by scenario

Full 11,000 sqft at ₹9.5L	₹86/sqft BUA. For a 11,000 sqft operation The Kind would need significantly higher covers and revenue than any existing outlet. High-risk unless landmark concept is confirmed.
G+1 only (~5,000 sqft)	Effective rent ~₹4.3L/month on used floors. Well within budget. Landlord must agree to subletting balance floors.
Jubilee Hills Checkpost Road commercial benchmark	Jubilee Hills Checkpost Road upper floors lease at ₹60–80/sqft. Ground floor rates are premium — ₹100–130/sqft is typical for ground floor frontage. At ₹86/sqft BUA, this is priced fairly for a mixed G+2+PH building.

05. Lokazen Intelligence Score

Dimension	Commentary	Score
Location Prestige	Jubilee Hills Checkpost Road — high-traffic main artery, premium commercial zone, SABOO and KAVACA as neighbours.	8/10
Main Road Visibility	70ft frontage confirmed from Google Maps. Independent bungalow on road. Must verify direct road kerb vs setback.	7/10
F&B Ecosystem Validation	CUPP Coffee, The Sanctuary, sa·ma visible on Google Maps. Starbucks 1.5km. Demand validated.	7/10
KBR Park Footfall	~400m from pin. Same morning/evening walker peaks as Property 1. Major footfall driver.	9/10
Specialty Coffee Whitespace	No specialty roastery on Road 92. The Kind = first-mover in this zone. Starbucks only chain competitor.	8/10
Size Fit vs Brief	11,000 sqft vs 3,500–5,500 brief. 2x the upper end. Major structural gap requiring format decision.	4/10
Rent vs Budget	₹9.5L/month vs ₹6–8L budget. 19–58% above stated budget. Partial floor negotiation needed.	5/10
Parking	8 bays for 11,000 sqft across multiple floors — low relative to scale.	5/10

LOKAZEN COMPOSITE SCORE **72 / 100 — CONDITIONAL RECOMMEND**

72/100. This property is in the same Road No. 92 / KBR Park corridor as Property 1 — the same premium Jubilee Hills address with the same walker footfall advantage. The location quality is strong. However, the property at 11,000 sqft G+2+PH is double The Kind's brief, and at ₹9.5L/month exceeds the stated budget. Both are structural issues that must be resolved through a partial floor arrangement or format revision before this property can be properly evaluated.

06. Action Points

NON-NEGOTIABLE 1 — Clarify space structure: can The Kind take partial floors?

11,000 sqft G+2+PH is not a café — it is a building. Before anything else, confirm with the landlord: (a) can The Kind take only ground + first floor (~5,000 sqft) with upper floors retained/sublet by landlord? (b) What is the rent for partial floors? (c) Is subletting to a third-party tenant permitted? The answer to this question determines whether this property is viable.

NON-NEGOTIABLE 2 — Negotiate rent down to ₹7–8L range

At ₹9.5L/month, this exceeds The Kind's ₹6–8L budget. If partial floors are taken, rent reduces proportionally. If full building: negotiate hard on the basis of 11,000 sqft shell needing full fit-out, only 8 parking bays for such a large space, and immediate availability (landlord carrying vacancy). Target: ₹7.5–8.5L for full building; ₹3.8–4.5L for G+1 only.

MUST DO — Visit CUPP Coffee and check the Road 92 corridor footfall

CUPP Coffee Matcha Boba is confirmed operating near this pin on the Road 92 corridor. Visit it — observe the clientele, peak times, and whether the corridor is generating walk-in café traffic. Also walk the stretch from the property pin to Starbucks (1.5km) to understand how the road transitions.

MUST DO — Assess 70ft frontage and visibility from the road

Street View images confirm: bungalow is directly road-facing with TO-LET banner visible from road. Stand at the property. Is the ground floor directly visible from passing traffic? Is the 70ft frontage open to the road or behind a compound wall? Visibility from moving vehicles is non-negotiable for The Kind.

GOOD TO KNOW — Penthouse opportunity

If The Kind takes the full building, the penthouse could be Hyderabad's most distinctive café terrace — open-air, Jubilee Hills Checkpost Road and city views, premium pricing for rooftop seating. This would differentiate The Kind from every competitor in Jubilee Hills.

07. All Four Properties — Master Comparison

Parameter	P1 — Road 92 (Villa)	P2 — JH Checkpost (Corner unit)	P3 — Road 45 (Aidu Kitchen) ★	P4 — Journalist Colony (G+2+PH Bungalow)
BFI Score	68/100	78/100	**85/100 ★**	72/100
Verdict	Conditional	Strong Rec	**Strongest ★**	Conditional
Size	3,500/4,500 sqft	3,200 sqft	**5,000 SBU**	11,000 sqft (2x brief)
Monthly rent	₹5L (above mkt)	₹3.2L (at mkt)	**₹16L (Above budget)**	₹9.5L (above budget)
Main road vis.	Unverified	Confirmed ✓	**Confirmed ✓**	70ft Rd 36 ✓
Nearest café peer	Starbucks 950m	Black Fuel 1.5km	**TRUE BLACK 100m**	SABOO adjacent · Starbucks ~1.5km
Metro access	None	JH Checkpost	**None**	JH Checkpost Metro nearby
Key upside	KBR Park peaks	Corner visibility	**Road 45 cluster + fitout**	Same KBR footfall + 70ft frontage + PH terrace potential
Key risk	Visibility + rent	Fitout cost + parking	**Alcohol licence + parking**	Size 2x brief + rent > budget

LOKAZEN RECOMMENDATION: Property 3 (Road No. 45, Aidu Kitchen) remains the lead recommendation — strongest BFI, best format fit, road 45 specialty corridor validated, rent below benchmark, full fitout in place.

Property 4 (Jubilee Hills Checkpost Rd Bungalow) is the most prestigious address but the size and rent structure must be resolved before it can be recommended. If the landlord agrees to a partial floor lease at ₹7–8L, this rises to 80+/100 and becomes a serious contender for The Kind's Hyderabad flagship.

Lokazen continues to source and evaluate additional Jubilee Hills and Banjara Hills properties for The Kind's Hyderabad expansion pipeline.
